

Diesel Fuel System Cleaner (DFSC)

Nulon Diesel Fuel System Cleaner is a superior fuel additive that provides a high level of protection and performance for all diesel engines. The advanced additive cleans injectors and inhibitor technology protects against corrosion and algae formation whilst lubricating the fuel system - including ultra fine common rail injectors.

Benefits

- Cleans & lubricates entire fuel system in one tankful
- Improves diesel combustion performance
- Improves fuel economy
- Protects against wear, corrosion and algae contamination
- Treats up to 100 litres - over treatment will not cause damage
- Compatible for all modern diesel vehicles and bio-diesels
-

Directions for Use

DIRECTIONS FOR USE: Simply add to a full tank of fuel. 1 bottle treats 100 litres. Use as required or once every 10,000 km.

First Aid

FIRST AID INSTRUCTIONS:

For advice, contact a Poisons Information Centre (Phone e.g. Australia 131 126; New Zealand 0800 764 766) or a doctor (at once).
